

2. DON'T SKIP THE TUTORIAL

QUEST 2
WORLD 1

Quest Objectives:

1. **Create (individually or collaboratively) a video-tutorial** for your Experiment. This can be as part of the rules, a replacement of the rules, or just a different way of doing the rules. In this video, you should give your potential players an overview of the game rules, setup, etc.

You may instead choose to do a 'let's play' style video to give players a sense of how your game works, or to hype it. If you ask your **crew members** to help you with this, they will earn a 25 NAPS bonus.

*Completing this Side Quest earns you
75 NAPS.*
