

1. HOUSE RULES

QUEST 1 WORLD 2

Quest Objectives:

1. **Select a board, card, or roleplaying game** of your choice. This should be a game that you know well and/or have played many times.
2. **Remix** the rules of the game with those of your own design. This might mean completely reinventing them, 'fixing' them, or creating a wacky new layer. Whatever you do, focus on recreating the game with a new vision.
3. **Play** the house-ruled game with friends or your crew mates. See how it goes!
4. **Present** the response to your house-ruled game in a short talk with the class (3-5 minutes).
