

2. BUT FIRST LET'S TALK ABOUT PARALLEL UNIVERSES

QUEST 3 WORLD 3

Quest Objectives:

1. **Investigate** an the interrelationship between video games and a video game subculture or community. This community might be scholarly (such as [queer game scholars](#), activists, critics), fan communities (fan artists, fan fiction, etc.) player communities and streamers (like Twitch streamers, speedrunners, [this guy](#)), or platforms themselves.
2. The specific topic should be up to you, but you may want to consider in particular: how do these communities create new gameplay experiences? How do game developers react to / involve these communities? How do these communities create meaning amongst themselves?
3. When you're done **present (3-5 min)** or **post (350 words)** your findings– be sure to focus on what takeaways we can have in crafting our own games.
