1... Cleared for Launch

Quest Objectives:

1. Prepare, collaboratively for your 'Galactic Council Presentation'.
You will need the following:
 - A copy of your GDD.
 - A 'prototype' of your D.I.E. so far. This may also include an outline.
 - A 'promotional handout' that advertises and sells your game.
 - Any promotional materials that you've generated through side quests, etc. (development vlogs, box art, etc.).
2. Submit those materials no later than the time of your presentation to *BOTH* the GM and the members of your Galactic Council.
3. Present, collaboratively your game to the Council, which will provide feedback to you. These presentations will be roughly 20 minutes, and will be followed by questions from the council. **Be prepared to answer them!**
