

## 4. PUDDLEGATE ALL OVER AGAIN

### QUEST 4 WORLD 4

### Quest Objectives:

**Incorporate a media element into your D.I.E., individually or collaboratively.** This might include music or a sound effect, an original image\*, cover art, sketches, animated text, or anything of the like. You are welcome to use work that you've put together for other Side Quests to fulfill this one.

If you're doing this *collaboratively*, **each of you should develop and include one element.**

Note: I will never penalize you for artistic ability. 😊 However, the expectation here is that you're creating something that you would be willing to use to represent your game publicly—so it should reflect your best effort!

*Completing this Side Quest earns you 75 NAPS and a Collaboration Badge.*
