

## 3. SHARE AND SHARE ALIKE

**QUEST 3**  
**WORLD 4**

### Quest Objectives:

This quest is simple: share a game-related **tool** (a channel like the [GM Toolkit](#) on YouTube, a Twine resource, a good podcast for game designers), a **repository** (like The Trove, or the [LGBT Video Game Archive](#)), or some **good game-related media to take our minds off the world** (your favorite D&D podcast episode, a nifty online or mobile game, your Animal Crossing house, etc.).

Whatever it is, post in the #shared-resources text channel of our Discord lobby, and include a few sentences that tells us what this is and why you're sharing it.

You can complete this quest as many times as you wish, earning 25 NAPS for every resource shared.

*Completing this Side Quest earns you
