

4. HEAR ME NOW?

QUEST 4 WORLD 4

Quest Objectives:

Incorporate an audio-component into your “About Me” page *OR* your Research Blog. This can be a playlist, a narration, or a sample of your own audio work from outside this class. The only guideline is that it should support the rest of your site and introduce something about you. This might be personal, it might be comical, or it might be focused on you as a researcher.

Some examples that would fulfill this include (but are certainly not limited to!):

1. An audio-component you made in another Side Quest.
2. A voiceover, narration, or ‘dramatic reading’ of your revised Call to Adventure.
3. An audio-version of your *Reflection Essay* (which will count!).
4. A ‘welcome-to-my-site!’ recording.

*Completing this Side Quest earns you
25 NAPS.*
