

3. RE-TWEET

QUEST 3 WORLD 3

Quest Objectives:

1. **Collaboratively or individually**, create a **social media profile** for your game company. This can be on any platform you choose (Twitter, Instagram, YouTube, Facebook, etc.), and you may choose to create multiple (an Instagram and Twitter go well together, for example). **Your group can earn an additional 50 NAPS for using multiple platforms.**
2. Post to your social media profile. To earn points for this quest, you must **make at least ten separate posts by the end of the semester.** Additionally, **at least four of these posts must contain some kind of media.** This can be media you're re-posting from elsewhere, or content you create (see below).

Tip: This quest is meant to work well with the other elemental questlines. I suggest examining these other quests as a way to make the most (both in terms of points, and creativity) out of this quest:

- [Video Elements: Frame by Frame \(100 NAPS\)](#)
- [Visual Elements: Seeing is Believing \(100 NAPS\)](#)
- [Audio Elements: Not Another Podcast \(100 NAPS\)](#)

Completing this Side Quest earns you 75 NAPS (+50 NAPS optional) and 1 Collaboration Badge.
