QUEST 4 WORLD 4

Quest Objective:

Incorporate a video into your “About Me” page *OR* your Research Blog. This can be a mini-vlog, a montage, or a sample of your own videography from outside this class. The only guideline is that it should support the rest of your site and introduce something about you. This might be personal, it might be comical, or it might be focused on you as a researcher.

Some examples that would fulfill this include (but are certainly not limited to!):

- A video you made in another Side Quest.
- A video that ‘narrates’ your revised Call to Adventure.
- A ‘vlog’ version of your *Reflection Essay* (which will count!).
- A ‘welcome-to-my-site!’ video.

Completing this Side Quest earns you 25 NAPS.
